

S.M PHARMA TECH INDUSTRIES

BETTER QUALITY

A LEADING NAME FOR RIGHT CHOICE OF PHARMACEUTICAL MACHINES

(AN ISO 9001 : 2015 CERTIFIED COMPANY)

S.M PHARMA TECH INDUSTRIES FLUID BED DRYER

- Short Drying Time.
- Electric / Steam Heated.
- Low Drying Temperature.
- 5 Kg to 500 Kg Batch Capacities.
- Automatic Simple Operation and Control.
- Pneumatic Lifting Device for Product Container Explosion Proof Design.
- Contact parts SS 316 & Non Contact parts SS 304.
- Available Fully GMP Model.
- Provided Electric Control Panel.
- PLC Operation (Optional).

S.M PHARMA TECH INDUSTRIES RAPID MIXER GRANULATOR

- Available in 25 Lts. to 1500 Lts.
- Available STD / GMP & Lab Model.
- Contact parts SS 316 & Non Contact parts SS 304.
- Easy Accessibility for Cleaning.
- All Electrical and Pneumatic Parts are
- Pre-wired to Simplify Installation.
- For Dry-Wet Mixing and Wet Granulation :
- PLC can be provided (Optional)
- FLP Electrical can be provided (Optional)

Designers, Manufacturers & Exporters Of Machines For Pharmaceutical, Chemical, Drug, Food, Cosmetics And Allied Industries

TABLET & CAPSULE SECTION

S.M PHARMA TECH INDUSTRIES OCTOGONAL BLENDER

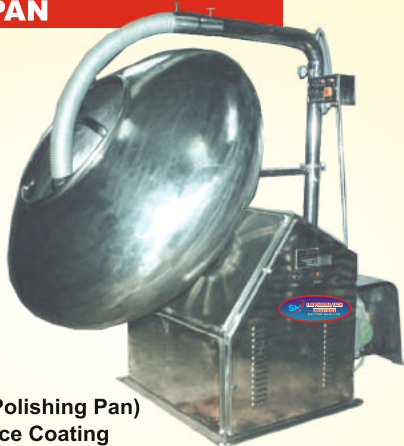

- Octogonal Blender with Bin Charging System.
- Model 250 to 5000 Lts.
- Available STD / GMP Model.
- Contact parts SS 316 & Non Contact parts SS 304.
- Available Pneumatic Trolley for Container.
- For Uniform Mixing of Dry Powder and Granules.
- Pneumatic charging available.
- VFD & Flameproof. (Optional)

S.M PHARMA TECH INDUSTRIES MASS MIXER

- Available Size - 10 kg to 300 kg.
- Ideal for Dry and Wet Material.
- Contact parts SS 316 & Non Contact parts SS 304.
- Uniform Mixing.
- Available STD / GMP Model.

S.M PHARMA TECH INDUSTRIES COATING PAN

(Also Available Polishing Pan)

- Uniform Surface Coating
- Provided with hot Air Blower.
- Contact parts SS 316 & Non Contact parts SS 304.
- Available Size : 12", 18", 24", 36", 42", 48", 60", 72".
- Available STD / GMP Model and Lab Model.

S.M PHARMA TECH INDUSTRIES SPRAY COATING MACHINE

- Model Available in 10 Lts., 25 Lts., 50 Lts., & 100 Lts.
- Ideal for Dry and Wet Material, Accurate Mixing.
- Suitable for Film Coating as well as Sugar Coating of Tablets and Granules.
- Available Jacket.
- Contact parts SS 316 & Non Contact parts SS 304.

S.M PHARMA TECH INDUSTRIES DOUBLE CONE BLENDER

- Model - 10 to 6000 Lts. Capacity.
- For Uniform Mixing of Dry Powder and Granules.
- Contact parts SS 316 & Non Contact parts SS 304.
- VFD & Flameproof. (optional)
- Available STD / GMP & Lab Model.

S.M PHARMA TECH INDUSTRIES STARCH PASTE UNIT

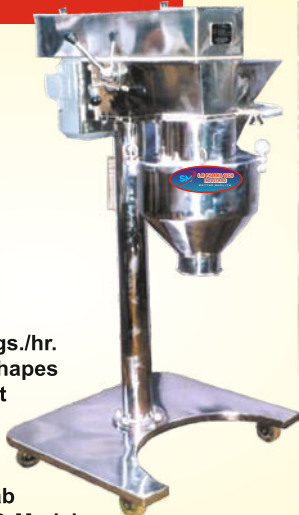

- Model - 10 Lts. to 400 Lts. Capacity.
- Electric / Steam Heating Arrangement.
- Available STD / GMP and Lab Model.
- Top mounted agitator. (optional)
- Contact parts SS 316 & Non Contact parts SS 304.

TABLET & CAPSULE SECTION

S.M PHARMA TECH INDUSTRIES MULTI MILL

- Output 50 kgs. to 200 kgs./hr.
- Different designs and shapes of mixing beaters to suit particular mixing requirement for wide variety of materials.
- Available STD / GMP, Lab Model and Special 5 H.P. Models.
- Contact parts SS 316 & Non Contact parts SS 304.

S.M PHARMA TECH INDUSTRIES VIBRO SIFTER

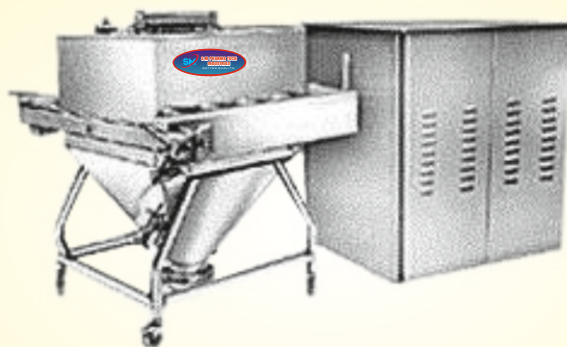

- Grading Material of Granules to Fine Powder.
- Model : 12", 20", 24", 30", 48" and 60".
- Contact parts SS 316 & Non Contact parts SS 304.
- Available STD / GMP Model.

S.M PHARMA TECH INDUSTRIES PLANETARY MIXER

- Model - 200 to 1500 Lts. Capacity.
- Different Design and Shapes of Mixing Beaters to Suit Particular Mixing Requirements for Wide Variety of Materials.
- Available GMP Model and V.J.H.S.E. Model for Ointment.
- Contact parts SS 316 & Non Contact parts SS 304.

S.M PHARMA TECH INDUSTRIES CONTA BLENDER

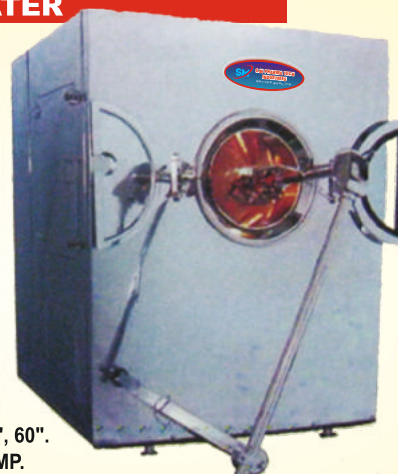

- Available in 5 kgs. to 600 kgs.
- For Uniformity in Mixing of Dry Powder & Granules.
- Contact parts SS 316 & Non Contact parts SS 304.

S.M PHARMA TECH INDUSTRIES FLUID BED PROCESSOR

- Model 25 to 1000 Lts. Capacity.
- Sample Taking Port.
- Steam Heaters or Electric Heater With PLC Base. (optional)
- Contact parts SS 316 & Non Contact parts SS 304.

S.M PHARMA TECH INDUSTRIES AUTO COATER

- Available size: 12", 24", 36", 48", 60".
- Conforms to cGMP.
- Externally user friendly software and operation through PLC.
- Contact parts SS 316 & Non Contact parts SS 304.
- Excellent Mixing & Tumbling by special design of bottles.

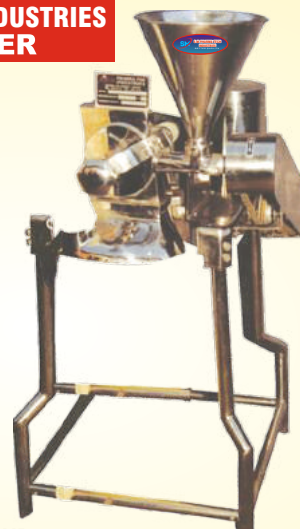

BULK DRUG & CHEMICAL SECTION

S.M PHARMA TECH INDUSTRIES RIBBON BLENDER

- Available Size - 5 kg to 5000 kg.
- Ideal for Dry and Uniform Powder.
- Contact parts SS 316 & Non Contact parts SS 304.
- Available STD / GMP & Lab Model.

S.M PHARMA TECH INDUSTRIES MICRO PULVERIZER

- Mesh Size 300 mesh.
- Available 2 HP, 5 HP & 10 HP.
- Grinding Chamber Jacketed for Cooling (Optional).
- Contact parts SS 316 & Non Contact parts SS 304.

S.M PHARMA TECH INDUSTRIES HYDRAULIC LIFTER FOR BINS

- M.O.C. S.S. Clad M.S. Column / S.S. Column.
- Also Available Fixed Column Elevator.
- Container raised or lowered by Hydraulic / Pneumatic System.

S.M PHARMA TECH INDUSTRIES ROTARY CONE VACUUM DRYER

- Available in 15 Lts. To 3000 Lts.
- Available STD / GMP & Lab Model.
- Contact parts SS 316 & Non Contact parts SS 304.
- Condenser and Receiver.
- PLC can be provided (Optional).
- FLP Electrical can be provided (Optional).

S.M PHARMA TECH INDUSTRIES DRYING OVEN (TRAY DRYER)

- Available in 6, 12, 24, 48 and 96 Tray Capacity Model.
- Designed for Uniform Circulation of Hot Air in the Drying Chamber.
- Electrical / Steam Heating Arrangement.
- Tray Dryers are available in SS 304 / 316 Quality.
- Available STD / G.M.P. Model.
- PLC Operation (optional).

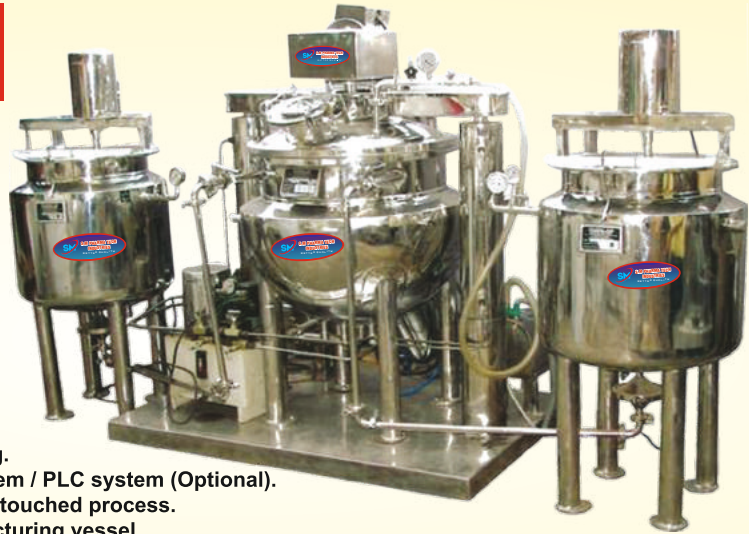

S.M PHARMA TECH INDUSTRIES VACUUM TRAY DRYER

- Available in 6, 12, 24, 48 and 96 tray capacity model.
- Designed For Uniform Circulation of hot air in the drying chamber .
- Electrical / Steam Heating Arrangement.
- Condenser and Receiver.
- VTD are available in SS 304 / 316 Quality.
- Available STD / GMP Model.
- PLC Operation (Optional).

OINTMENT SECTION

S.M PHARMA TECH INDUSTRIES FULLY AUTOMATIC OINTMENT / CREAM MFG. PLANT

- Capacity 100 kg. to 3000 kg.
- Easy sterilize piping system with din fitting.
- Automatic control panel for complete system / PLC system (Optional).
- Available in STD / GMP model complete untouched process.
- Pneumatic / Hydraulic lifting to lid manufacturing vessel.
- Contact parts SS 316 & Non Contact parts SS 304.
- Process Ointment / Cream / Lotion and tooth paste designed Emulsifier / Homogenisers.
- Mixing vessel consist of two speed agitators and one variable fast speed agitator.

S.M PHARMA TECH INDUSTRIES COLLOID MILL

- Model 3 HP & 5 HP.
- Output 120 to 12,000 kg/shift (Depends on the product)
- Colloid Mill is suitable for Homogenising, Emulsifying, Dispersing mixing.
- Contact parts SS 316 & Non Contact parts SS 304.
- Available STD / GMP Model and Special 20 HP Model.

S.M PHARMA TECH INDUSTRIES LOBE PUMP

(Also available Centrifugal Pump & Gear Pump).

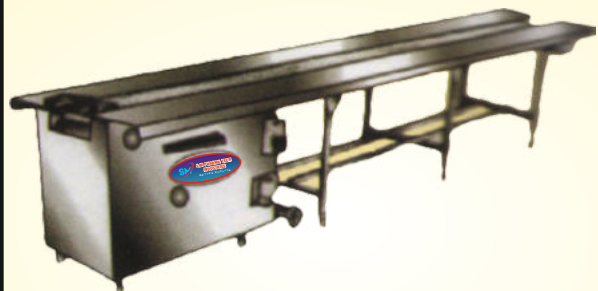

- Capacity 1", 1.5" and 2".
- Used for Transferring Viscosities Materials.
- STD / G.M.P. Model.
- Contact parts SS 316 & Non Contact parts SS 304.

S.M PHARMA TECH INDUSTRIES INLINE HOMOGENIZER

- Available Capacity 3 H.P. to 20 H.P.
- M.O.C. Contact Parts S.S. 316.
- Used for Liquid & Ointment.
- High Seed stator and rotor construction.
- Contact parts SS 316 & Non Contact parts SS 304.
- Available for both batch and continuous production.
- Several interchangeable stator for desired results.

S.M PHARMA TECH INDUSTRIES PACKING BELT CONVEYOR

(Also available S.S. Slat Chain Conveyor)

- P.V.C. Coated Canvas Belt (4", 6", 9" & 12" width).
- Topside consist of S.S. Top or Sunmica Top.
- Size 6 ft. to 30 ft length.
- Variable speed arrangement also available (Optional).
- Contact parts SS 316 & Non Contact parts SS 304.

SYRUP PLANT / INJECTION SECTION

S.M PHARMA TECH INDUSTRIES FULLY AUTOMATIC SYRUP / SUSPENSION MFG. PLANT

- Contact parts SS 316 & Non Contact parts SS 304.
- We can manufacture as per Customer design/requirement.
- Electric / Steam Heating also possible for smaller capacity.
- Bottom mounting stirrer / inline Homogeniser also available.
- Capacity from 500 Lts. to 10,000 Lts. With vacuum sugar charging system. (Optional)
- Available in STD/GMP Model complete untouched process.

S.M PHARMA TECH INDUSTRIES FILTER PRESS ZERO HOLD UP

- Available Size : 8", 14", 18", 24" & 33" dia.
- STD and Zero Hold Up.
- Contact parts SS 316 & Non Contact parts SS 304.
- For Cleaner Filtration of Liquid / Chemicals, Pharmaceuticals, Cosmetics and Beverages.

S.M PHARMA TECH INDUSTRIES HOMOGENISER

- Available Size 3 HP / 5 HP / 10 HP.
- Used for Suspension and Emulsion etc.
- Special arrangement for Mechanical Lifting and Lowering.
- Available STD / GMP Model.
- Also available various Designs of Homogeniser.
- Contact parts SS 316 & Non Contact parts SS 304.

S.M PHARMA TECH INDUSTRIES PRESSURE VESSEL / FILLING VESSEL

- Available Capacity 10 Lts. to 200 Lts.
- M.O.C. SS 316 / 316 L Quality.
- Safety valve / pressure guage provided.
- Castor wheel / portable type available.

S.M PHARMA TECH INDUSTRIES INJECTION SOLUTION KETTLE

- Model 100 Lts. / 200 Lts. / 300 Lts. / 400 Lts.
- All Contact Parts in SS 316 & 316 L Quality.
- Designed Switzerland Model.
- Manhole Lifting Hydraulic Operated Arrangement Manual and Single Shot Closing System.
- Provided Special Designed Stirrer.
- Also provided Steam Jacketed with Cooling arrangement.
